LIPPITT'S SPECIFIC, For the Cure of Dysentery. Diarrhau, and Summer Com plaint.

In presenting this justly celebrated Medicine to the pub lic, we make no rash assertions of its efficacy, nor is any hope held out to the afflicted which facts do not warrant. This remedy having been, for years, used in this place, for the cure of the above diseases and those appertaining to the same class; the Proprietor has been induced to offer it on a more extensive scale, with a view to lessen the amount of human suffering. I have never known it to fail when the di-rections have been strictly adhered to.

Many useless nostrums have been palmed upon the public, and I hesitated for some time, until thoroughly convinced of

its efficacy. Extract of a lettter received from S. J. Carroll. BALTIMORE, January 10th, 1851. WM. H. LIPPITT, Esq.,—Dear Sir:—I have no hesitation in saying that your Specific is one of the best Medicines extant for Dysentery, Diarrhaa, &c. You possibly may reto start twenty-five Homeopathie M. D's., I began to despair, when you kindly offered me your invaluable Medicine, which

Yours truly, S. J. CARROLL. cured me effectually. WILMINGTON, N. C., August 14th, 1851.

Ww. H. Lippitt, Esq.,—Dear Sir:—I have used your Specific in two cases in my family for Dysentery. In one 4 capspoonfuls effected a complete cure—in the other, three and the like effect. Respectfully, &c.,
THOS. LORING, Ed. Commercial.

HARRELL'S STORE, New Hanover County, N. C., Oct. 10, 1851.—Wm. H. LIPPITT, Esq., — Dear Sir:—It is with pleasure I state that I have used your Specific for the cure of Dysentery, Diarrhea, &c., and have found it to produce the desired effect in every case I used it after the usual remedies have failed. I recommend it with confidence to the public. Respectfully, &c., J. B. SEAVEY, M. D. SAVANNAH, Ga, December 26th, 1851.—Mrs. W.M. H. Lippitt,—Dear Sir:—It is with pleasure I neknowledge the wonderful effects of your Medicine for curing Diarrhea or Bowel complaint, as I am satisfied it was the means, under God, of saving the life, first of my Child and then of my Brother. As my Brother was given up by two of the most eminent Physicians in this place, Drs. Richardson and Wregg, and when I consulted the latter as to the propriety of trying it on him so low, he said I might to satisfy myself that I had eft nothing untried, but he did not think that Medicine would be of any use to him. But thank God he was mistaken, as we saw the salutary effects in 24 hours, and in ten days he was able to be out of bed. I remain yours, very

[CONCLUDED ]

Marl.-This is another agent which has been exensively used in this section of the country in the renovation of land, and much advantage has been derived from its application, yet so great is the deficiency in agricultural chemistry and chemical analysis, procuring ground bones unadulterated, and the high that some of the marls which from a superficial view cost of them, has caused them not to have been apappear to have the most shell and other valuable propplied as liberally as I could have wished; consequenterties, have turned out to be very inferior, and to reward but poorly the undertaker. I have frequently seen farmers who were very zealous in marling their lands, and so soon as they had taken off their crops would turn in large herds of cattle to graze them, and collect my case; if it has escaped your memory I will give you briefly the facts. I had tried every thing that I had (that being every other year) they would declare the seen used, but with little success. And after using enough marl had done them great injury, in rendering their when the same fields would come into cultivation, (that being every other year) they would declare the compounded, forms a good manure. My experience

lands more sterile and barren-experience however, has proven their theories fallacious, added to the great improvement in the division of lands and the rotation of crops. No country has more impoved by the application of marl than this section of Va. The green sand marl acts more efficiently than any manure ! have ever applied; and the marl to which I have reference, is that found along the Pamunky river, of Va., and which has rendered the farms along that river so valuable; and given them a celebrity which is not surcan be applied, and to the greatest advantage. It is to this marl that the experiments and the five years profit of farming of Edmund Ruffin on his estate in
